SCHOOL OFFICERS.

SCHOOL BOARD—Edwin H. Taylor, DeForest Safford, John H. Vincent.

SECRETARY—Jennie E. Field.

TREASURER—Nellie F. Cummings.

AUDITORS—M. L. Morrison, E. W. McIntosh.

REPORT OF THE SCHOOL BOARD.

There has been since our last annual report no material change in our schools. We have retained, so far as possible, the teachers who have been with us in past years; being convinced that changes in our corps of teachers should be made only for imperative reasons. By this course we are sometimes subjected to sharp criticism from parents who have, or conceive that they have, just cause of complaint against some teacher. They forget that we must be guided by the general character of a teacher's work, and that it would be folly for us to discharge a really faithful and efficient teacher even though she may sometimes make a mistake.

As there have been but few radical changes during the year, we will only call attention to two things which may be of interest.

A criticism has been often heard in years past to the effect that the diplomas granted at the graduation from our High School did not necessarily represent much. That although the teachers may have been faithful and efficient and the curriculum a good one, so that the bright and studious pupils may have accomplished all that could be expected and thus have received an excellent mental discipline; yet that the indolent and the incompetent were allowed to slide along through the three or four years of the course, and finally with very limited attainments and feeble powers were permitted to graduate and receive their diplomas, thus in a great degree destroying their value to all receiving them.

Now, when under our very efficient teachers of the High School an opposite course is pursued, and no pupil is allowed to go on year after year in full class membership to the triumphant reception of a diploma without having accomplished a definite and acceptable amount of work, the opposite criticism is heard, to the effect that the requirements of the High School are so severe that many pupils cannot accomplish the work, and therefore have to drop out and thus are deprived of privileges to which they are entitled.

Without stopping at this time to discuss the reasonableness of either criticism, we merely call attention to the completely antagonistic and incompatible nature of the two and ask you to notice how impossible it is to satisfy both classes of complainants. It must be evident to the most casual glance that, in order to have diplomas represent valuable attainments and good, mental discipline, courses must be laid down and adhered to that will of necessity preclude some from ever obtaining those diplomas. Still it must be acknowledged that it does not seem just to exclude such from the advantages of the High School altogether. The only alternative seems to be to allow only such as shall have satisfactorily accomplished one of the two courses laid down to graduate; but at the same time to permit such as cannot, either from poor health or other reasons, accomplish the whole course to take part of the studies and thus have all the advantages of the High School that they are able to appropriate. However there is one class of students who may fairly be excluded from this privilege, viz., such as have both the ability and the health to master the entire curriculum, and who fail from sheer indolence or perhaps from not being allowed or encouraged by their parents to devote to study the necessary time at home; for let every one understand that it is a positive misfortune to have pupils thus irregular. They are usually in one class in one study and in another class in others. This makes it very difficult for the teachers to arrange their recitations and examinations, and in many other ways it is unfortunate to have irregular and partial course students; and this should be submitted to only on the plea of necessity, and not as a concession to indolence or paternal indifference.

VERTICAL PENMANSHIP.

The only important change in studies or methods of instruction during the past year has been from the old slant style of penmanship to the vertical. This has been urged upon our attention for several years past, but having seen so many radical changes in educational methods proposed that afterwards proved to be passing fads of little value or positive harm; we naturally hesitated to depart from such an old and well-established system as the slant penmanship. However testimonies multiplied as to the value of the new method. We made particular inquiries and found that wherever a trial of it had been made, great satisfaction was expressed with the results obtained; and in no case, that we could hear of, was there any wish to return to the old system. Added to this was the argument, which to our minds was strongest of all, that young chil-

dren almost invariably form vertical letters and can only be brought to adopt the slant style after long and patient, and perhaps we might add, painful drill. Induced by these reasons we introduced the vertical system into our schools and have been pleased with the results obtained. It will probably never show such elegance as can be shown by an expert penman with the old style; but its essential excellences are greater ease of acquirement and clear-cut legibility. These are qualities which in this practical world and this utilitarian age will more than compensate for any possible lack of elegance.

We append the usual summary of books and supplies. The gathering the statistics for this from the different school rooms of the town and our general supply room, the estimating the value of books partly worn out and the summing up and condensing of these various items represent yearly quite a task and one not required by law, and yet it seems due to our tax payers that this should be given.

SUMMARY OF BOOKS AND SUPPLIES.

Value of books March, 1896,	760 39	
Value of maps, charts, apparatus and supplies, March, 1896,	175 00	
Paid for maps, charts, apparatus and supplies, (from town appropriation,)	537 55	
Paid for maps, charts, apparatus and supplies, (from books sold,)	31 40	
		1,504 34

NELLIE F. CUMMINGS, Treasurer.

Peterboro, N. H., Feb. 20, 1897.

We, the undersigned, hereby certify that we have examined the foregoing accounts of the Treasurer of the School District of the Town of Peterboro, pages 160 to 175, inclusive, and find them correctly cast and properly vouched, showing a balance of cash in her hands on account of repairs of one and 67-100 dollars.

On account of books and supplies of twenty-two and 36-100 dollars.

On account of general school fund of thirty-three and 30-100 dollars.

We find that orders have been drawn to the amount of twenty dollars, which have not been presented for payment.

THOMAS B. TUCKER, {
EBEN W. JONES, { Auditors.

*The literary fund and balance of account of sheep killed by dogs.

†Amount required by law.

A \$800 transferred from incidentals.

‡All money received except from taxation.

§ \$3000 transferred from incidentals.

Trust Funds.

The Osgood Fund of 1,000 is deposited in the Peterboro Savings bank and the interest is to be devoted to the aid of the worthy poor.

The Parker Fund of \$100 is deposited in the Peterboro Savings bank and the interest is to be used in the care of the burial lot in which Dr. David M. Parker and others are buried.

The Selinda Holt Fund of \$100 is deposited in the Peterboro Savings bank and the interest is to be used in the care of the Job Hill burial lot.

The Daniel B. Cutter Fund of \$300 is deposited in the Peterboro Savings bank and the interest is to be used in the care of the burial lot of Daniel B. Cutter.

The Lucretia Brackett Fund of \$300 was deposited in the Contoocook Valley Savings bank, the interest to be used in the care of the Lucretia Brackett burial lot. The bank has during the last year paid a dividend of \$61.52, which amount the selectmen now hold in a cashier's check of the First National bank of Peterboro.

The Jesse Upton Fund of \$200 is held by the selectmen in a cashier's check of the First National bank of Peterboro. The interest is to be used in the care of the Jesse Upton burial lot.

The Lewis Johnson Fund of \$50 is held by the selectmen in a cashier's check of the First National bank of Peterboro. The interest is to be used in the care of the Lewis Johnson burial lot. No interest has been received the past year from any of these accounts, because the banks in which the money was deposited are in the hands of the court, and the checks have not been deposited for the same reason.

REPORT OF HEALTH OFFICERS.

TO THE SELECTMEN OF THE TOWN OF PETERBORO:—Your Health Officers for the year just ended have attended to their duties, and, as in other years, have had the hearty coöperation of our citizens in their efforts to improve the sanitary condition of the town. We have been comparatively free from epidemics of contagious diseases. One case of scarlet fever, four of typhoid fever, and a few cases each of measles, mumps and chicken pox make up the list.

Our death rate for the year was 17.6—too high for a town like Peterboro, although somewhat lower than the average for the state.

Of the 44 deaths in 1896, twenty-four were of persons over sixty years of age and nine were of children under two.

The following table gives the ten leading causes of death and the number of deaths resulting from each :

Heart Disease,	9
Pneumonia,	4
Still Births,	4
Consumption,	3
Apoplexy,	3
Cancer,	3
Gastro-Enteritis,	3
Bright's Disease,	2
Accidents,	2
Old Age,	2

Received the above balance in full.

C. J. ALLEN.

WATER COMMISSIONERS' REPORT.

TO THE CITIZENS OF THE TOWN OF PETERBORO :

At the last annual town meeting the town voted to construct a system of water works during the year 1896, substantially according to a plan reported by a committee chosen one year previously.

The town voted to issue 3 per cent. bonds to the amount of \$60,000 for the purpose of paying the expense of the system.

Thomas B. Tucker, Andrew J. Walbridge and Eben W. Jones were chosen water commissioners for one, two and three years, respectively.

The board of water commissioners organized by choosing Thomas B. Tucker, chairman, and Daniel M. White, clerk.

When the time came that it was necessary to act if the works were to be constructed during the year 1896, a comparatively small amount of bonds had been subscribed for.

Several contractors intimated that if they could get the contract for constructing the whole system they would subscribe for bonds equal in amount to their contract.

Plans and specifications were prepared and a number of contractors were invited to make bids on that basis ; the bids to be opened at one o'clock, June 1st. At that time two bids were received, and were as follows :

C. F. Parks, \$53,000 ; The C. H. Eglee Co., \$45,000. Having ascertained that The C. H. Eglee Co. were responsible and reputable contractors and believing that their bid was advantageous to the town a contract was made with that company.

The terms of the contract were, in brief, that the C. H. Eglee Co. should furnish all material and perform all the labor necessary to construct the system, according to plans and specifications, for the lump sum of \$45,000.

They were to take their pay in 3 per cent. Peterboro town bonds at their par value. They were to give the bond of the American Surety Company in the sum of \$15,000 guaranteeing the performance of the work according to contract, and also to leave with the committee \$500 in cash to guarantee the works for six months after completion.

With the contractors and also with Mr. Scripture, who took bonds for the reservoir site, it was understood, so far as accrued interest was concerned, that the bonds were to be taken as of July first.

Work was commenced June 22d, and the last Italian left town Thanksgiving day.

Early in the season, after getting prices from several engineers, Messrs. Bartlett & Gay of Manchester, N. H., were engaged

to make plans and specifications and to act as engineers, Mr. F. A. Gay of the firm being the active member on the works. We are pleased to say that we have no reason to regret our choice. He has given us faithful and efficient service.

Our relations with the contractors have been pleasant and we believe that they have furnished good material and constructed the system in a first class manner.

Since the contractors left town there has been no break in the pipes and no accident has happened to the system.

The firemen have tried the hydrants in different parts of the village and found the fire service all that was anticipated.

Seventy-nine service connections have been made, including public buildings and two watering troughs. About twenty services are paying this winter.

Several persons have signified their purpose of taking a hose faucet for use in putting out any incipient fire which may occur on their premises. We believe this is a matter worthy of the consideration of every householder in this village.

Rules and regulations have been established such as are common in other places. The rates, although not so low as in some cities, are as low as in other towns of this size.

Appended to this report will be found an analysis of the water from Town Line Brook by James F. Babcock, formerly state assayer of Massachusetts.

Considerable more work remains to be done which should be charged to the construction account, such as fencing the dam and reservoir sites, grubbing out above the dam, service connections, &c.

After asking for bids from several parties we awarded the superintendency of the water works to Samuel W. Nichols, he being the lowest bidder. He is appointed for one year from Jan. 1, 1897, at a salary of \$200, and is to put in all street service connections at a contract price of nine dollars each, and to furnish tools and material necessary for making the service connections.

A town water system is of such magnitude and importance that it may be desirable to bring together all matter relating to its history and give a full and detailed report of the construction of the system.

Believing that, if such a report is to be made, it should be deferred until the system is fully completed, your commissioners submit this brief report.

The list of bills approved by the commissioners will be found in the Selectmens' report.

We submit the following financial statements :

THOMAS B. TUCKER,	}	Water Commissioners.
ANDREW J. WALBRIDGE,		
EBEN W. JONES,		

Peterborough, N. H., Feb. 15, 1897.

BOSTON, MAY 20, 1896.

BOARD OF WATER COMMISSIONERS, PETERBORO, N. H.

GENTLEMEN:—The following are the results of my analysis of a specimen of water sent by you:

	Parts per 100,000.	
Total Solids,	3.28	parts
Organic Matter,	1.03	"
Hardness,	0.60	
Chlorine,	0.32	"
Free Ammonia,	none	
Albumenoid Ammonia,	.009	"
Nitrates,	trace	
Nitrites,	none	

The mineral salts contained in this water are simply the ordinary salts found in most spring and pond waters and consist (in part) of

Potassium Sulphate,
Sodium Chloride,
Calcium Sulphate,
Alumina,
Silica.

The water is one of considerable purity. It contains no constituents in any way objectionable. There is no indication of contamination by any source of organic impurity. The water is soft for washing, and is a desirable and healthful water for drinking. For all the purposes of a town supply, domestic uses, manufacturing, boiler use, etc., it is, in all respects, a pure and satisfactory water. I have no hesitation in recommending it to the town of Peterboro as a source of supply.

Respectfully,

JAMES F. BABCOCK.

TOWN WARRANT.

To the Inhabitants of the Town of Peterboro Qualified to Vote in Town Affairs.

You are hereby notified to meet at the Town Hall in said town, on Tuesday, the ninth day of March, next, at nine of the clock in the forenoon, to act upon the following subjects :

1st. To choose all necessary town officers and agents for the year ensuing.

2nd. To raise such sums of money as may be necessary for the support of schools, for the maintenance of the poor, for the laying out and repairing of highways, and for all necessary charges arising within the town and appropriate the same.

3d. To raise and appropriate such sums of money as may be necessary for the support of the fire department, public library, for lighting the streets, town hall and library, and for the Grand Army on Memorial day.

4th. To see what sum of money the town will vote to raise and appropriate toward paying the town debt and interest.

5th. To hear the reports of agents, auditors, committees, or officers heretofore chosen, and pass any vote relating thereto.

6th. To see if the town will vote to instruct the Selectmen to enforce the law relating to the sale of intoxicating liquors, and raise and appropriate money for the same, or take any other action relating thereto.

7th. To see if the town will vote to call in the bonds issued under the vote of the town of March 13th, 1878, and issue new bonds bearing interest at not more than four per cent. per annum, or take any other action in relation to issuing new bonds.

8th. To see if the town will vote to put in a concrete side walk from Pine street to the house of Mrs. Jaquith on Granite street, and raise and appropriate money for the same.

9th. To see if the town will vote to extend the electric lights on Concord street by adding three more lights north of the present lights, and raise and appropriate money for the same.

10th. To see if the town will vote to build a building in which to store the road machines, snow roller, hearse, and other tools belonging to the town, and raise and appropriate money for the same.

11th. To see what action the town will take in relation to erecting guide boards.

12th. To see if the town will vote to accept the legacy of the late Abby S. White, the interest to be used for the care of the burial lot of the late Wm. F. White.

13th. To see if the town will vote to raise and appropriate a sum of money to put in a wall on the west bank of the Contoocook river, beginning at the west abutment of the railroad bridge to protect Summer street, or take any action relating thereto.

Given under our hands and seal this twentieth day of February, A. D., 1897.

HOWARD M. HERSEY,	} Selectmen of Peterboro.
EZRA M. SMITH,	
CHARLES B. DAVIS,	

SCHOOL WARRANT.

**To the Inhabitants of the School District of the Town
of Peterboro qualified to Vote in District Affairs.**

You are hereby notified to meet at the Town Hall in said district on Saturday the thirteenth day of March next, at two o'clock in the afternoon, to act upon the following subjects :

- 1st. To choose a moderator for the ensuing year.
- 2d. To choose a clerk for the ensuing year.
- 3d. To choose a treasurer for the ensuing year.
- 4th. To choose two auditors for the ensuing year.
- 5th. To choose a member of the school board for the ensuing year.
- 6th. To choose a member of the school board for the ensuing three years.
- 7th. To hear the reports of agents, auditors, committees or officers heretofore chosen, and pass any vote relating thereto.
- 8th. To raise and appropriate such sums of money as may be necessary to provide suitable furniture, books, maps, charts, apparatus and conveniences for schools.
- 9th. To raise and appropriate such sums of money as may be necessary to make repairs on school houses or other school property.
- 10th. To see if the district will vote to insure any of the school houses or other school property, and raise and appropriate money for the same.
- 11th. To see if the district will authorize the school board to sell the old school house in district No. 4, so called, near the house of Albert Frost.
- 12th. To choose agents or committees in relation to any subject embraced in this warrant.

Given under our hands and seal this 23rd day of February,
A. D., 1897.

JOHN H. VINCENT, EDWIN H. TAYLOR, DEFOREST SAFFORD,	}	School Board.
